Reading

PERIVALE
PRIMARY SCHOOL

- ▶ The Reading Test consists of two separate papers:
 - **Paper 1** – consists of a combined reading prompt and answer booklet. The paper includes a list of useful words and some practice questions for teachers to use to introduce the contexts and question types to pupils. The test takes approximately 30 minutes to complete, but is not strictly timed.
 - **Paper 2** – consists of an answer booklet and a separate reading booklet. There are no practice questions on this paper. Teachers can use their discretion to stop the test early if a pupil is struggling. The test takes approximately 40 minutes to complete, but is not strictly timed.
 - The texts will cover a range of poetry, fiction and non-fiction.

Reading

- ▶ Questions are designed to assess the comprehension and understanding of a child's reading.

How to Help Your Child with Reading

Listening to your child read can take many forms:

- First and foremost, focus developing an enjoyment and love of reading.
- Read a little at a time but often, rather than rarely but for long periods of time! Ask them to read daily and slowly build up the stamina!
- Talk about the story before, during and afterwards – discuss the plot, the characters, their feelings and actions, how it makes you feel, predict what will happen and encourage your child to have their own opinions.
- Look up definitions of words together – you could use a dictionary, the Internet or an app on a phone or tablet.
- When doing homework/practicing comprehension questions, ask them to have a go first before you support them.

Mathematics

PERIVALE
PRIMARY SCHOOL

Children will sit two tests: **Paper 1** and **Paper 2**:

- **Paper 1: Arithmetic** - lasts approximately 20 minutes (but this is not strictly timed). It covers calculation methods for all operations.
- **Paper 2: Reasoning** - lasts for approximately 35 minutes, which includes time for five aural questions. Pupils will still require calculation skills and questions will be varied including multiple choice, matching, true/false, completing a chart or table or drawing a shape. Some questions will also require children to show or explain their working out.
