Tuesday 10th March: Family Celebration Day 9.00am

News to share on P.4 of the newsletter

Wellbeing Fair

We had a wonderful morning with 15 stalls offering information and advice on many different aspects of our life that can affect or support our wellbeing.

Thank you to everyone who came along. Please look out for other events about the Wellbeing of your whole family.

If you want to speak to someone about Wellbeing please speak to Ms Vaux (Parent support Advisor) or arrange to meet with our School counsellor Helen Thorp via the school office.

Mental health week was also marked by a helpful parent workshop on Thursday with Helen, our school counsellor. She talked about strategies for parents to manage when our thoughts can sometimes lead us to become anxious or stressed.

Children also attended an assembly with Helen and talked about how to help with feelings at school.

School Attendance

School attendance since the beginning of the autumn term was 96.2%. This is just above the government target, so we can all make this higher with better attendance.

Best class attendance award goes to Poplar this week with 99.3% and Oak last week, with 99%.

Let's all try and aim for 100% class attendance after half term!

Online Safety Tip

https://www.childnet.com/parents-and-carers is a great website for parents to get tips and advice on how to keep their children safe online.

Healthy Streets

Congratulations to Omar from Y2 who was the lucky winner of a new scooter. The prize was part of Ealing Council's 'Healthy Streets' project bringing together lots of members of the community to improve the streets around our school.

You will have seen members of the team from Ealing at the after school pop-ups that have been happening recently.

The School Travel Team at Ealing are also working with our Y4 classes. They have been learning about 'Air Quality' and will shortly be carrying out a local traffic survey. This will help them to understand the impact of traffic and how air quality can be improved.

Family Celebration Day

10th March 2020

Save the Date

Instead of having separate Mother's and Father's day celebrations this year we are having a **FAMILY CELEBRATION DAY**.

Families are made up of so many different people who all play an important part in a child's life and we would like to invite ONE MEMBER of your family to attend, with your child, to share a craft activity which you can take home.

We will be decorating hearts that can be hung up at home to remind us that love is the most important part of any family.

A letter will be coming out to you after half term with details of the time slots – meanwhile: please put the date in your diary!

Fundraising News

Thank you for all your donations today, we have raised £186.94 to ESCP.

Thursday 5th March

This year the theme will be Mr Men and Little Miss books. Children can come to school dressed as a Mr Men or a Little Miss character or a character from their favourite book.

Try and be creative with your outfits. It is not necessary to purchase special character clothes. Look at Pinterest website for ideas!

Parent Forum

If you have any issues that you would like the Parent Forum to discuss, please speak to a Parent Forum member of Mrs Vaux.

The next meeting will be Thursday 27th February.

Y3 Gallery Trip

Mulberry and Willow classes had the exciting opportunity to see the Tutankhamun exhibition at the Saatchi Gallery this week.

Children were able to see up close the rare and precious ancient Egyptian artefacts

One pupil said "The clossal was my favourite artefact as it helped us to understand how big the statues in the tomb were."

Miss Audrey Daley
Perivale Primary School
Federal Road
Greenford
UB6 7AP

20 January 2020

Dear Miss Daley,

I would like to congratulate you, your staff and your pupils on the very high level of progress that pupils in your school demonstrated in the reading, writing and mathematics Key Stage 2 assessments last year.

Your school's results, as published on 13 December, show progress scores of 3.6, 2.7 and 4.9 in reading, writing and mathematics respectively. This means that in terms of the progress your pupils make between Key Stage 1 and the end of Key Stage 2, your school is amongst the top 3 per cent of primary schools in the country.

The Government wants to ensure that every child has the fluency in reading, writing and mathematics necessary to prepare them for a successful secondary education and beyond, which is why I was delighted to see your results.

Thank you for your work in continuing the drive towards higher academic standards, and congratulations again to you and your staff for your commitment and success.

With best wishes.

Yours sincerely,

Rt Hon Nick Gibb MP
Minister of State for School Standards

NHS

CORONAVIRUS: PUBLIC INFORMATION

The Government and NHS are well prepared to deal with this virus.

You can help too.

Germs can live on some surfaces for hours.
To protect yourself and others:

- Always carry tissues with you and use them to catch your cough or sneeze.
- Bin the tissue, and to kill the germs, wash your hands with soap and water, or use a sanitiser gel.
- If you have arrived back from China within 14 days follow the specific advice for returning travellers.

This is the best way to slow the spread of almost any germs, including Coronavirus.
